ABOUT OUR COMPANY

Polaris office suite comes with Word, Sheet(excel), slide(PPT), with PDF Editor, 24 Indian Local Languages - Perpetual license.

Founded in 1997, Infraware INC (Polaris Office) is a software company that provides efficient solutions for all users, including businesses, organizations, and individuals, to experience new and innovative productivity improvements. Presence in 245 countries having more than 100 million users all over the world.It is the 2nd largest office selling software after MS Office.

It gives us great pleasure to introduce something very interesting in the industry / domain we work in. We all will vouch for the fact that this is an integral part of our daily life and cannot afford to ignore - the Office Suite of applications - a Word Processor, a Sheet and Show with PDF editor .

We are sure you would have evaluated and are using the appropriate tool for the appropriate job considering fully well the Productivity vs.Performance vs. Cost implications.

Now, here is an excellent Office Productivity Suite called Polaris Office which helps you optimize the above factors and still being cost effective. This is the best alternative to other office suites with most of the interface and functionality remaining the same. Meaning, least down time with a minimal learning curve. This is a very lightweight application too at about just 150 Mb.
